

**Final Accounting for  
Special NY101 PM Funds  
Maintained by KSRF - 10/2014 - 8/2017**

The following is a full and detailed accounting of the funds maintained by KSRF (Keeshond Sunshine Rescue Foundation) from the time they were transferred to us from BARK (Bay Area Rescue Keeshonden), until the funds were depleted.

As originally agreed upon, all funds were **only** used towards medical care for Keeshonden in foster care that came from Marjorie Ingraham's kennels in Binghamton, NY.

Initial funding requests in 2014 and early 2015 were the result of carry over for Kees already in foster homes from the original rescue effort in late 2013/early 2014. In 2017, there was renewed activity in Kees being released from Marjorie's kennel, with first a group of 4 Kees girls - and then multiple releases totaling 33 Kees.

Chk Date	Chk #	Description	Payment	Deposit	Balance
<b>2014</b>					
10-17	DEP	Proceeds of BARK maintained NY101 funds transferred to KSRF. New non-profit checking account opened, and funds deposited.		\$ 32,567.35	\$ 32,567.35

		Dee Wingfield (for <b>Karla</b> ) - 5 yrs old Knee surgery to add suture to previous repair <b>NOTE:</b> Request was for \$1,329.91. Unable to cover due to lack of funds.			

**End Notes:**

1. For Benjamin Button's funding requests, although he was originally being fostered by Heather Soyring in Ithaca, NY, Denise Sharp (a volunteer with Suncoast Keeshond Rescue, and practice manager & co-owner of Olney-Sandy Spring Veterinary Hospital in Sandy Spring, MD) paid his expenses, and therefore requested the reimbursement. Typically the veterinary hospital is paid direct, or the responsible foster care person is reimbursed.

Benjamin Button was later moved by Denise to her clinic for further evaluation and treatment. Then, went on to another foster home in Murphy, NC - who submitted his final funding request.
